

Training and Seminars

Provelio can provide various client-specific training courses and seminars on numerous estates, property and construction-related topics for both Public and Private sector clients. It is essential that staff are kept up-to-date with current construction methods and processes, including current regulations and legislation. Provelio can provide both in-house training and academic seminars and lectures, all carried out by highly qualified staff that have extensive practical and theoretical experience within the construction industry.

Client	Various
Project Title	Training and Seminars
Client Sector	Various
Service Provided	Training Seminars, Guest Lecturing

Our Role

Specific topics that have been presented include:

- Design Management
- Strategic Management
- Project Management Systems and Processes
- Risk Management
- Procurement and Contract Selection

Provelio can tailor any of the above topics to suit the client's need and provide regular or guest lecturing to Universities where a high-level of practical, industry experience is essential to the student's development.

Client Benefits

Why use Provelio for your training needs:

- Provelio can bring extensive practical and theoretical knowledge to the client's organisation
- Provelio can tailor the training to suit the client's need
- Provelio offer a wide variety of training methods; workshops, seminars, presentations and lectures

Provelio can offer high quality, relevant and user-friendly training to all levels of organisations including clients, contractors, sub-contractors, consultants and the wider project team so that all members of a project have the right skills, tools and knowledge to allow them to deliver a successful project.
